WRESTLER JUGGED; FAKING CHARGED

Fred Bartl Too Coarse in Work With the Greek Demetral.

NASHVILLE, Tenn., May 12.—Fred Bartl, so-called middleweight wrestling champion, and Ed Finley, his manager, were arrested in Chattanooga late Saturday night on complaint of several Nashville Greeks, who lost heavily on the recent Bartl-Demetral match. Bartl and his manager, Finley, were taken into custody on a warrant sworn out in Nashville, charging them with wagering money on the result of the match in violation of the city ordinance. Both were released on bond. The arrest of the two is the result of a big coup made here a week ago Friday night when the whole Greek colony of Nashville went almost "broke" in betting on their countryman, Demetral, against the Canadian.

The Greeks admit that Finley cleaned up \$3,000 on the match. The men met twice before and wrestled for three hours on each occasion without either securing a fall. In the last match, in which the "clean-up" was made, Bartl handed the Chicago Greek like a plaything, securing the first fall in sixteen minutes, and the second in four minutes.

Fred Bartl appeared in Washington last winter in a bout with Rob Roy Mackey, and made no impression as a wonder.

Poster, catcher; W. Yates, first base; B. Colton, second base; W. Jones, third base; T. Cobb (captain), shortstop; M. Jones, right field; S. Lantz, center field; J. Jones, left field; pitchers, W. Perry, W. P. Smith, and George A. Crump, of Philadelphia.

Travers, Herreshoff, and Graham are the Metropolitan, interscholastic and New Jersey champions, respectively, while Perrin holds the Philadelphia title. Dr. Fredericks has for several years ranked among the best players in the country.

Prominent among the Canadian players are George S. Lyon, runner-up to E. M. Byers in the national championship tournament at Englewood last July; Douglas Laird, formerly a Princeton student, and Fritz Martin, a Scotch taught golfer.

AMERICANS PLAY CANUCK GOLFERS

George Lafferty, Chevy Chase Member of Team, to Play Canadians.

International golf competition between this country and Canada is to be attempted this season. Ten well-known amateurs, chiefly from the Metropolitan and Philadelphia districts, have agreed to go across the border and participate in tournaments and team matches. A. W. Austin, president of the Lambert Golf Club, of Toronto, suggested to A. W. Tillinghast, of Philadelphia, the advisability of getting up an American team. Tillinghast soon found golfers willing to play.

The plan is to first meet teams representing the Lambert Golf Club, the Toronto Golf Club, the Rosedale Golf Club, and the Hamilton Golf Club. After that both the American and Canadian players will take part in the annual open tournament of the Lambert Golf Club, which will be held either the last week in July or early in August. This tournament will last five days. In the Lambert tournament last year Tillinghast was runner-up to Fritz Martin.

Among those who have agreed to play on Tillinghast's team are Fred Herreshoff, of Garden City; Jerome D. Travers, of Montclair; Archie Graham, of North Jersey; Dr. D. P. Fredericks, of Oil City; L. A. Hamilton, of Englewood; Harold Sands, of Alken; George Lafferty, of Chevy Chase, and Howard W. Perrin, W. P. Smith, and George A. Crump, of Philadelphia.

Travers, Herreshoff, and Graham are the Metropolitan, interscholastic and New Jersey champions, respectively, while Perrin holds the Philadelphia title. Dr. Fredericks has for several years ranked among the best players in the country.

ORAN LOOKS GOOD FOR THE WITHERS

Has Fine Chance in Next Big Three-Year-Old Race.

NEW YORK, May 12.—Though the announcement of Dr. Gardner's disability and probable withdrawal from the Brooklyn Handicap next Monday is of surpassing concern to racing enthusiasts, the most immediate race of importance, coming to hand, is the famous Withers of next Saturday at Belmont Park. This is the first real big race of the year for three-year-olds exclusively and it is one of the most celebrated and revered of American turf classics, having been run for the first time just thirty-four years ago.

The announcement of Dr. Gardner's temporary disablement occasioned no end of chagrin among racers. After the Excelsior Handicap, trainer Weir pulled a stiffness in the galleps of the son of Bannockburn, which gradually became more pronounced, until he believes it may be necessary to put away the horse for a fortnight's rest. Of course it is no sure thing that Dr. Gardner will not go in the big race, for he may come around all right within the current week. At any rate, the colt's injury is not serious and he will not be kept away long at the worst.

At a meeting of the Warwick Athletic Club football team on Friday night the following officers were elected: Manager, John Dugan; secretary, Charles Fugitt; treasurer, W. Vogelson. Charles Miller was unanimously chosen captain. James Kerr, Georgetown's star halfback, was appointed coach. He will be assisted by Frank McCormick.

SHRUBB MAY RACE INDIAN LONGBOAT

Champion Long-Distance Runner of World Lands in New York.

NEW YORK, May 12.—When the Cedric docked here yesterday, she had among her passengers Alfred Shrubbs, the former South London harrier, and the greatest distance runner the world has ever seen, who comes to America to engage in a set of professional races with Tom Canally, of Boston, or Tom Longboat, in the event of the flying Onondaga being adjudged professional for accepting the money recently donated to him by the Toronto city council.

Shrubbs was suspended by the English A. A. U. in 1905, but while an amateur he hung up many world's distance records. He holds every world's record from two to eleven miles. As instances of what a distance runner Shrubbs was, it can be said that his world's record for two miles is 9:02.5, against Aleck Grant's American record of 9:27.4.5, and that his ten-mile figure are 50:30, against Willie Day's American record of 52:38.2.5.

Shrubbs is staying with Arthur Duffey, the Georgetown cyclone, and the first man to cover a century in 9:3.5 seconds. The two men became acquainted in England on Duffey's trip there in 1905, and immediately became pals. The pair went to Australia together, and shortly after his return from the Antipodes Shrubbs turned professional. Duffey's dismissal from the amateur ranks soon followed. Shrubbs has not made any definite plans, and says that he will not do anything until he has a chance to look around. He is in fair condition, and a few weeks' work would put him on edge.

BRIGHTON, England, May 13.—An interesting tennis match was played at the Prince's Club here yesterday, in which Cecil "Punch" Fairs and Eustace H. Miles defeated Peter Latham and Jay Gould by three sets to two. In the first set Gould played poorly, but afterward his service was effective.

PATTEN'S PITCHING BEATS ST. LOUIS BROWNS 2 TO 0

Niles and Wallace Present Washington With Runs.

ST. LOUIS, May 12.—St. Louis' inability to hit Case Patten gave Washington a victory here yesterday by 2 to 0. Pelly also pitched a good game for the Browns, holding the Nationals to three hits, the same number copped off Patten. Had he been accorded the same good support given Patten, neither team would have scored in the nine innings. Dumb playing by Niles and an execrable miff by Wallace were responsible for Washington's brace of failures, both of which materialized in the fourth inning. Charley Jones boosted a high foul to Yeager, but Lave Cross paraded to first on four balls. Then Niles made a bad break. Anderson put a weak one down his way. Cross got a good start, and there was no chance to catch him at second, but when Schliety, who was coaching, beseeched Niles to "throw to second," the Brownie did so. As Altizer, went out, Yeager to Tom Jones, the side should have been retired without a run. To top off Niles' bad work, Bobby Wallace broke into the limelight and also into the bad graces of the fans by dropping Niles' easy fly, allowing Cross to score. Niles and Anderson then worked a double steal, Niles' return to O'Connor being too wide to catch Anderson.

That Patten was unusually effective is evidenced by the fact that one of the Browns' three hits was a rank scratch through the pitcher's box and that not one of the home players reached second base, the only runner behind him was of high order. Heydon nabbed several men in attempts to steal, and Altizer and Jones put up a sterling performance. No one on the team made a misplay. With the exception of the fourth inning, the fielding of St. Louis was also brilliant.

UMPIRE DID NOT SEE FIELDER DROP BALL

NEWARK, May 12.—By a queer ruling by Umpire Cusack the Newarkers yesterday lost a ten-inning game to the Baltimore by 3 to 2, whereas they should have won in nine innings by 4 to 2. It was in the sixth inning when the Colts got two men across the plate on Mullen's long fly, which Demmitt muffed, that the decision came. Cusack claiming that he did not see the ball dropped, As Mullen made the third out, the hit went for naught, as did the kick that followed.

S.S.S. NATURE'S TONIC

Every one should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from the inactive, indoor life and from the heavy, rich foods of the Winter season. The blood, being in this unnatural and disordered condition, is unable to furnish the body with the increased amount of nourishment necessary for the more energetic life of Spring and Summer, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation. When the system is in this run-down and disordered condition it is not safe to take unknown concoctions, sarsaparillas, compounds, etc., because they usually contain potash or some other equally strong and harmful mineral ingredient, which acts unfavorably and often dangerously on the depleted, weakened system at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. S. S. S. is appropriately called Nature's Tonic. It is made entirely of roots, herbs and barks from the great storehouse of forest and field, selected for their purifying and health-restoring qualities, and as it does not contain the slightest trace of mineral in any form it is perfectly safe for young or old. S. S. S. acts directly on the blood, ridding it of all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is able to supply the system with the healthful, invigorating energy needed to pass this trying season of the year. Its action is the most pleasant, prompt and satisfactory of all tonics, and those who feel the need of such a medicine will do well to commence the use of S. S. S. at once. S. S. S. restores lost energy, relieves that tired, worn-out feeling, helps the appetite, aids digestion, and adds tone and vigor to the system.
